

Bovine / Beef Metal Detectable Weasand Clips

1305-017 – Beef Clip
Metal Detectable

1305-016 – Beef Clip Cartridge
Metal Detectable

Metal Detectable Plastic Technology

Adept has developed a Metal Detectable Beef Clip that performs as effectively as our original Beef Clip in sealing the esophagus and preventing ingesta leakage. The clip can be detected (in its full form) by metal detection equipment.

With an increased importance now being placed on removing plastics and other contaminants from pet food and rendering raw material, Adept's Metal Detectable Clips can quickly be identified and removed.

The Metal Detectable Beef Clip is available in both loose and cartridge forms and is compatible with all the Adept dispensing systems

- Closes to form a secure seal around the weasand (oesophagus), preventing leakage
- The weasand (oesophagus) is cleared of contents during application
- Clip can be detected by all industry standard metal detection technology
- Available loose or in 25 clip cartridge stacks
- Proven to reduce contamination
- Compatible with Adept Touchless or Manual Dispenser systems
- FDA and EU food contact approved

Product Code	1305-017 (Loose) 1305-016 (Cartridge)
Supplied	2,000 clips per carton
Colour	Blue
Material	Food contact safe metal detectable plastic
Dimensions	Length: 410mm, Width: 285mm Height: 395mm Weight: 7.5KG
Dispensers	1020-820 - Manual Dispenser (750 Clip) 1020-830 - Manual Dispenser (500 Clip) 1020-840 - Manual Dispenser (250 Clip) 1020-850 - Touchless Dispenser Base 1020-870 – TLD Carousel (500 Clip) 1020-880 – TLD Carousel (750 Clip)
Applicator	Beef Clip Rodder (0142-010)
